

Healthy Eating, Culinary Arts & Entrepreneurship Programs

K–12 YOUTH, ADULT, PARENT & FAMILY LITERACY SERVICES

We engage students in exploring various dimensions of the food industry. In addition to learning about and preparing various cultural recipes, students will also explore food safety, diet and nutrition, careers, economic and social issues related to the food industry.

PROFESSIONAL DEVELOPMENT AND CUSTOMIZABLE CURRICULUM RESOURCES

We support educators in designing and implementing dynamic, project-based lessons that integrate academics and students' interests with healthy eating, culinary arts, and food entrepreneurship.

This A.I.-powered curriculum generator empowers educators to design dynamic, project-based lessons about culinary arts, healthy eating and entrepreneurship in the food industry that align with state standards — within minutes.
