# Legacy

**Explore your culture through what interests you.**

## 1. IDENTITY, INTERESTS & ASSETS

Explore your identity, interests, and strengths. Choose a subject or activity through which to investigate your culture.

## 2. THE PAST

Research people from your culture who helped shape your chosen field. Examine their contributions and historical context.

## 3. THE PRESENT

Explore people from your culture working in the field today. Learn about their achievements, experiences, and challenges.

## 4. GEOGRAPHY

Investigate your field in countries and regions connected to your heritage. Explore places, industries, and cultural connections.

## 5. SOCIAL ISSUES

Analyze social issues affecting your field, including those affecting your cultural group. Compare evidence and perspectives.

## 6. ACTION PROJECT

Create a group action project that shares your learning and addresses a related social issue. Review the results and reflect.
