EARTH WISE

Environmental Education & Leadership Program

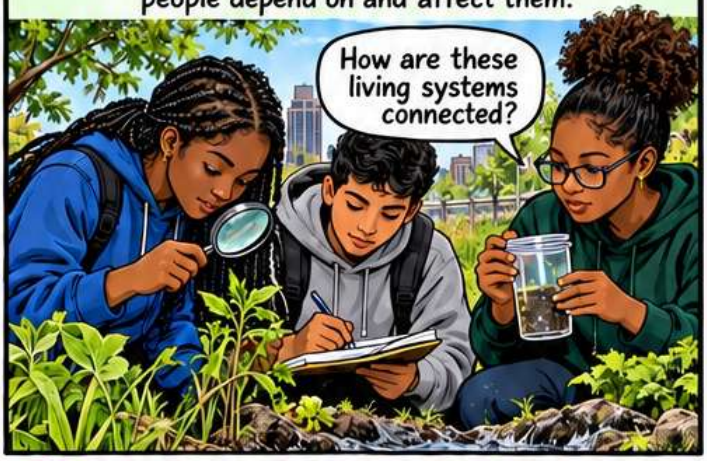

1. INTERESTS & ENVIRONMENT

Connect your interests with the environment around you. Identify what you want to investigate.

2. RESOURCES & ECOSYSTEMS

Explore natural resources, ecosystems, and how people depend on and affect them.

3. ENVIRONMENTAL CHALLENGES

Investigate environmental challenges, their causes, and effects on people and places.

4. GREEN CAREERS & INNOVATION

Explore green careers, technologies, and ideas that support environmental stewardship.

5. SOLUTIONS

Research possible solutions. Compare resources, trade-offs, and community priorities.

6. ACTION PROJECT

Plan and carry out an environmental action project. Review results, reflect, and improve.
