CareerVisions

Explore careers. Understand the world of work. Plan your next steps.

1. IDENTITY, INTERESTS & ASSETS

Explore who you are, what interests you, and the strengths and resources you already have.

2. PEOPLE

Learn about people in careers that interest you: their roles, experiences, qualifications, and paths into the work.

3. PLACES

Explore where work happens and where people prepare for it: workplaces, schools, training programs, and community resources.

4. TRENDS, TECHNOLOGY, SAFETY, MEDIA, AND CRIMES

Investigate changes shaping careers, new technologies, workplace safety, media portrayals, and crimes affecting workers and industries.

5. SOCIAL ISSUES

Examine social issues connected to careers, including opportunity, discrimination, wages, and barriers to education or employment.

6. ACTION PROJECT

Apply what you learned in an action project that connects career exploration with practical next steps.
